AVAILABILITY:

Available to all non-residential consumers with service greater than 200 amps, for all uses including lighting, heat and power and is subject to the rules and regulations of the Cooperative.

TYPE OF SERVICE:

Single and three-phase service and subject to available secondary voltages. Motors in excess of 10 HP must be three-phase unless approved by the Cooperative. Motors in excess of 50 HP must have "soft-start" motor controls. Installations with Variable Speed and Frequency Drives will be required to have filters to maintain power quality.

MONTHLY BASE AND ENERGY CHARGES:

Monthly Base Charge:	\$30.00
KWH Charge:	\$0.059/kWh
KW Demand Charge:	\$2.50 KW

DETERMINATION OF BILLING DEMAND:

Billing demand shall be the maximum kW demand established by the consumer for any period of fifteen consecutive minutes during the month for which the bill is rendered as indicated by a demand meter and adjusted for power factor as follows.

POWER FACTOR ADJUSTMENT:

The consumer agrees to maintain unity power factor as nearly as practicable. KW demand charges may be adjusted to correct for average power factors lower than 95%.
