

Energy Star Lighting Rebates

The Glacier Electric energy star lighting rebate is available to GEC members who install energy star qualified lighting fixtures (including ceiling fans with lighting) in their residence. The rebate amount is \$10 per qualified hard wired fixture.

Member Name _____ Account Number _____

Service Address _____

City _____ State _____ Zip _____

Select Type of fixture installed:

- Interior Fixture Exterior Fixture

Return the following documents to Glacier Electric for rebate:

- This form, completed and signed
 Invoices for lighting fixtures
 Manufacturer's name
 Proof of Energy Star qualification (packaging, model number)

Total Number of fixtures installed _____

I certify that these light fixtures were installed in the Glacier Electric service territory and that I am a Glacier Electric Cooperative member. I will allow a representative of Glacier Electric or Bonneville Power Administration to verify installation of fixture.

Member Signature: _____ Date: _____

Rebate will be credited to your GEC account, listed above, after a Glacier Electric representative has verified that the fixtures are energy star qualified. Allow 6-8 weeks for credit to be applied.
