

Energy Star Manufactured Home Rebate Application

The Glacier Electric Energy Star Manufactured Home rebate is available to Glacier Electric Members who purchase a new Energy Star Manufactured Home to be located in the GEC service territory.

Member Name _____ Account Number _____

Installation Address _____

City _____ State _____ Zip _____

Manufacturer Name _____ Model Number _____

Glacier Electric Cooperative will accept applications for the Energy Star Manufactured Home Rebate for new electrically-heated manufactured homes only on the condition that these residences have been designed, constructed and certified by the Northwest Energy Efficient Manufactured (NEEM) Homes program as Energy Star. Documentation of NEEM certification will be required prior to rebate being approved.

To be eligible for the \$1,450 rebate you must:

- Submit this completed and signed rebate form
- Submit copies of invoices for the purchase of the home
- Allow GEC representative to verify location of home and NEEM Energy Star certification
- Submit documentation of NEEM Energy Star certificate of compliance.
- Home must be electrically heated

I certify that this manufactured home is installed in the Glacier Electric service territory and that it is electric heated and NEEM certified. I will allow representatives of Glacier Electric and/or Bonneville Power Administration to verify location of home and NEEM Energy Star certification.

Member Signature: _____ Date: _____

Rebate will be paid after a Glacier Electric representative has verified location of home and that it meets all requirements for eligibility.
Allow 8-12 weeks for rebate to be processed.
