

New Northwest Energy Efficient Manufactured Housing (NEEM) Rebate Application

The Glacier Electric NEEM Rebate Application is available to members who purchase a current manufactured home built in the Pacific Northwest, which tend to be slightly better than HUD code. Manufactured homes must be **electrically heated**, new and certified by the Northwest Energy Efficient Manufactured Housing Program (NEEM). The manufactured home must be for residential purposes and not for small or large commercial use.

Member Name _____ Account Number _____
Physical Address _____ Mailing Address _____
City _____ State _____ Zip _____
Date of instillation _____ Phone number _____

Return the following documents to Glacier Electric for rebate:

- Invoice
- NEEM Certificate of Compliance
- Photo of home or Inspection by GEC representative

For office use only
<input type="checkbox"/> Forced air furnace
<input type="checkbox"/> Heat pump
<input type="checkbox"/> Ground-source heat pump
Heating Type: _____
Post-inspection Date: _____

I certify that the NEEM Manufactured Home was installed in the Glacier Electric service territory and that I am a Glacier Electric Cooperative member. I will allow a representative of Glacier Electric or Bonneville Power Administration to verify installation and qualification of home.

Member Signature: _____ Date: _____

Rebate will be credited to your GEC account, listed above, after a Glacier Electric representative has verified that the NEEM Home qualifies. Allow 6-8 weeks for credit to be applied. Rebates are subject to change. Form updated 1/20/2019.
