

## Smart Thermostat Rebate Application

The Glacier Electric Smart Thermostat rebate is available to members who replace an existing thermostat with a smart thermostat for homes with electric-forced air furnaces, air source heat pumps, or ground-source heat pump as their primary system. Rebate is available for existing and new construction homes. Qualifying thermostats must be listed on the BPA's Smart Thermostat Qualified Products List. Thermostats that control cooling-only systems or dual fuel heating systems (gas furnace and electric heat pump) are not eligible for an incentive).

**Post installation inspection by GEC is required.**

Member Name \_\_\_\_\_ Account Number \_\_\_\_\_

Physical Address \_\_\_\_\_ Mailing Address \_\_\_\_\_

City \_\_\_\_\_ State \_\_\_\_\_ Zip \_\_\_\_\_

Date of installation \_\_\_\_\_ Phone number \_\_\_\_\_

**Return the following documents to Glacier Electric for rebate:**

- Invoice
- Photo of installed thermostat
- Brand and product number of Smart Thermostat

<p>For office use only</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Forced air furnace</li> <li><input type="checkbox"/> Heat pump</li> <li><input type="checkbox"/> Ground-source heat pump</li> </ul> <p>Heating Type: _____</p> <p>Post-inspection Date: _____</p>
--

I certify that the smart thermostat was installed in the Glacier Electric service territory and that I am a Glacier Electric Cooperative member. I will allow a representative of Glacier Electric or Bonneville Power Administration to verify installation and qualification of thermostat.

Member Signature: \_\_\_\_\_ Date: \_\_\_\_\_

Rebate will be credited to your GEC account, listed above, after a Glacier Electric representative has verified that the thermostat installed qualifies.  
Allow 6-8 weeks for credit to be applied. Rebates are subject to change. Form updated 1/08/2019
